## Message from CEO

I feel very privileged to be writing this message and I am delighted to be joining the Waf United Company Limited as a main partner and Chief Executive Officer. It is very exciting to be working with the team and to be using my experience to lead Waf through the next stage in its journey, delivering value to the business and all its stake holders.

Today when discontinuous changes are happening on various scales in nature, society, and individual lives, and the business environment is becoming ever more uncertain and complex, we have drawn up Waf United Purpose to make clear the direction in which the Group must go to continue to exist sustainably. Specifically, "human enrichment" was identified as an area demanded by future society, and one where the Group can continue to make the most of our value over the long term. Waf United Purpose is then encapsulated in the phrase, "Fulfilling Moments, Enriching Life," based on our desire to be entrusted with and go on contributing in this area.

successfully and consistently participated in the nation's Technology Transfer requirements for the past decade, being thin creased efficiency.

We believe in delivering integrated solutions through collaborative leadership and a deep understanding of the industries we serve. Every step we take reflects our promise to elevate standards, empower people, and contribute positively to Saudi Arabia's evolving infrastructure and economic landscape.

*Wael Al-Zahrani*  
**CEO**

## Our Vision

To be a trusted and innovative leader in delivering end-to-end infrastructure, engineering, and industrial solutions in Saudi Arabia. vision is to embody leadership with Our conviction, turning dreams into reality by inspiring the power and energy needed to achieve ambitious goals.

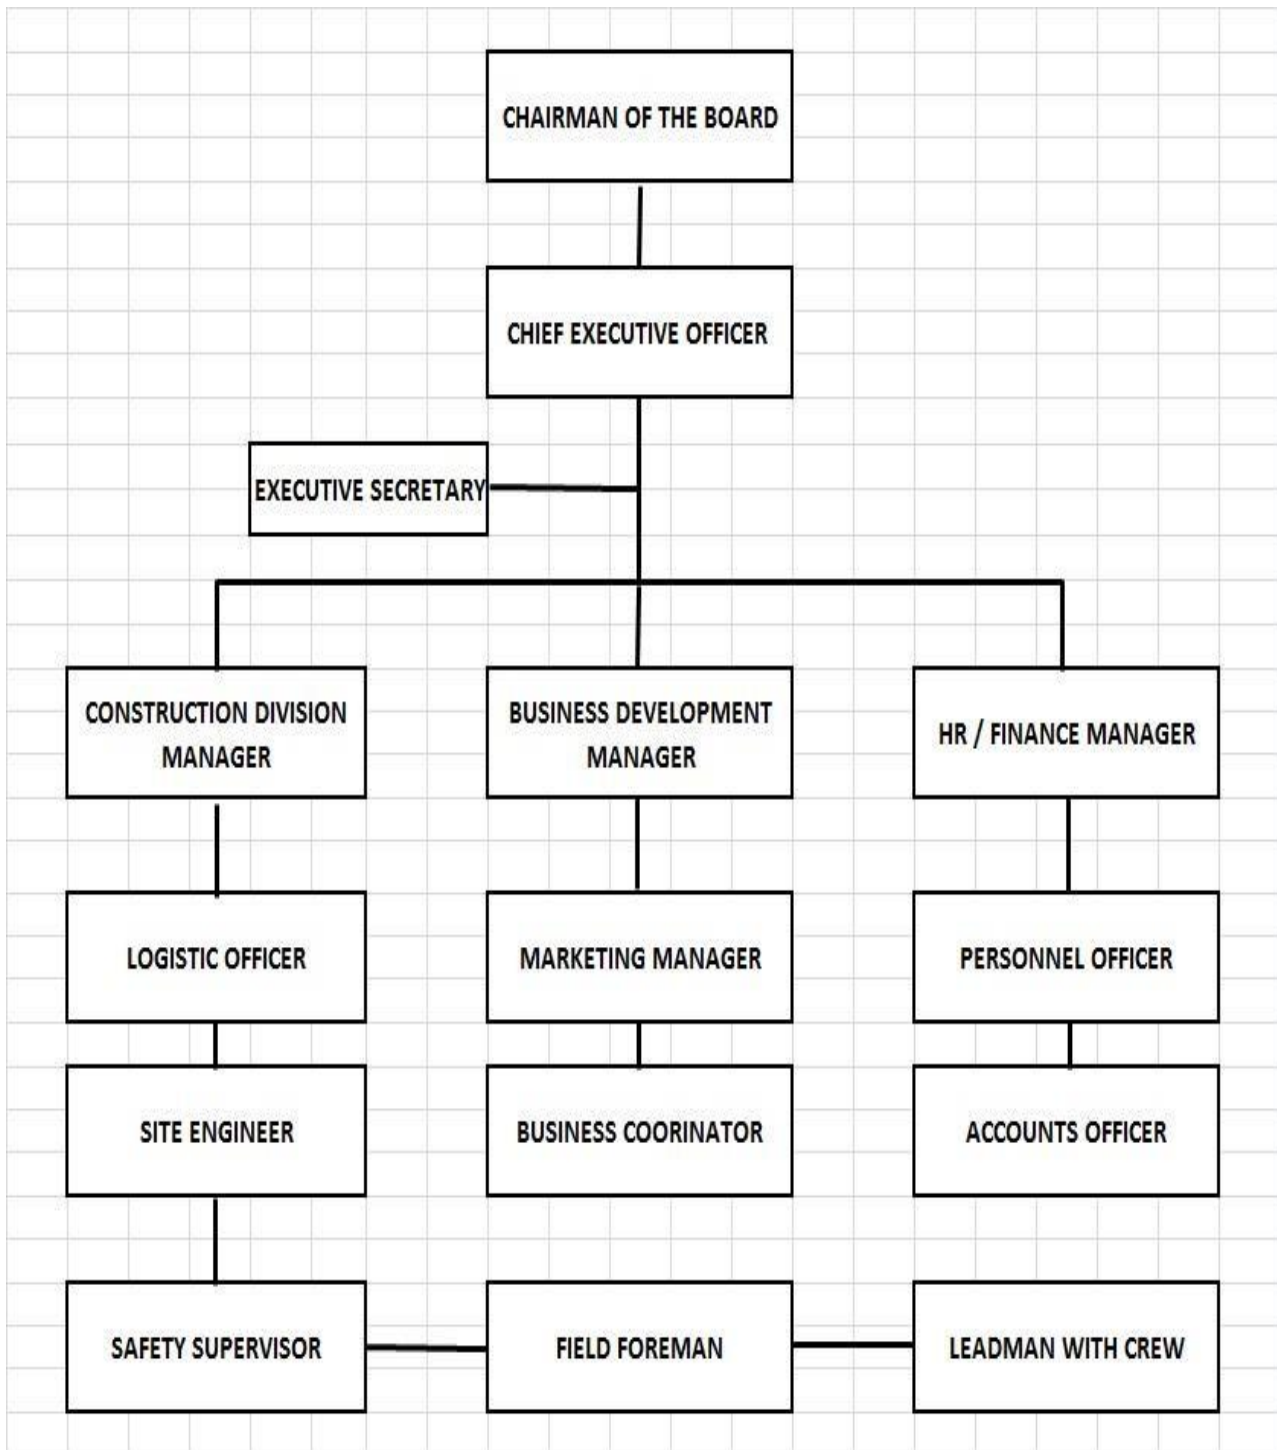

## Our Mission

Our mission is to provide innovative and reliable power solutions with exceptional service, addressing today's energy needs and preparing for future challenges. To be a trusted leader in automation and control solutions, empowering industries with innovative, reliable, and sustainable technologies that enhance efficiency, safety, and operational excellence in an ever-evolving industrial landscape.

# ORGANIZATION CHART

## ABOUT US

WAF United Company Ltd is a fully Saudi-owned private company based in Dammam, Kingdom of Saudi Arabia. Since our inception in 2007, we have grown from a general establishment into a leading limited company offering diversified services across construction, engineering, procurement, development, investment, and trading.

We are proud to serve as a **"One-Stop Solution"** for our clients, providing comprehensive and integrated services tailored to various sectors.

At Waf, we believe in building lasting relationships based on trust, integrity, and a commitment to success, making us the preferred choice for clients seeking reliable and innovative construction solutions.

### Registration Approval Letter

January 30, 2025

Attention : **WAF UNITED COMPANY LTD**

CR Number : 2650197574  
Supplier Type : Service Provider Only  
Country : Saudi Arabia

We are pleased to inform you that WAF UNITED COMPANY LTD is now registered in the Saudi Aramco Supplier Management System under Vendor Code No. 10114766, provided your company continues to meet all relevant Saudi Arabian and Saudi Aramco standards.

This registration, however, should not be construed as a commitment by Saudi Aramco to procure from you. Being registered as a supplier only grants your company the opportunity, along with other registered sources, to respond to requests for submitting proposals in accordance with Saudi Aramco's established policies and procedures. All procurement instruments including but not limited to service contracts, purchase agreements, or purchase orders will be issued based on the name and address included in your commercial registration (CR), as stated in your Supplier Registration.

Saudi Aramco wishes to remind you that being recognized as a supplier carries with it serious obligations and responsibilities to act in a legal and ethical manner. We wish to remind you of the Saudi Aramco Supplier Code of Conduct (SCOC) which you acknowledged. Failure to abide by the principles set forth in the SCOC can result in adverse actions being taken by Saudi Aramco against you including suspension of you as a supplier. Saudi Aramco also expects each of its suppliers to satisfy each of the requirements of any procurement instrument which might be placed and to act responsibly and reliably as a supply chain supplier.

Material Suppliers should apply for Saudi Aramco Supplier Portal access by forwarding a request to portal-registration@aramco.com. The Supplier Portal is the main electronic business tool used between Saudi Aramco and its suppliers and serves to improve the flow and accuracy of key supply chain information.

For further information or assistance please contact the Saudi Aramco Supplier Help Desk by forwarding a request to Supplier-HelpDesk@aramco.com or via the unified call center 800-116-1168 for in-Kingdom suppliers or +966 (11) 290-8950 for Out-of-Kingdom suppliers.

Faisal Hamed Al Dossary, Supervisor  
Supplier Registration Unit  
Supplier Relationship Management Div

It is the responsibility of the supplier to update Saudi Aramco Supplier Registration Profile through Arriba for the following:

1. Change of Name / Commercial Registration Number / Address / Owner(s)
2. Any change of the supplier location
3. Discontinue supply of approved commodities (SCOMs and GCATS)

This is an electronically generated letter by Saudi Aramco. To verify Supplier approval status, please contact Supplier Help Desk at supplierhelpdesk@aramco.com

At WAF UNITED COMPANY LTD, our Civil & Construction Services form the backbone of our diversified offerings—supporting industrial, commercial, and government projects across the Kingdom of Saudi Arabia. With decades of expertise, cutting-edge techniques, and an unwavering commitment to quality, we deliver solid, scalable solutions that last.

## 03

**Waterproofing Work**

Protect your infrastructure from water damage and weather erosion with our trusted waterproofing services. We apply advanced materials that create a watertight barrier across roofs, basements, and structural joints. Roof, wall, and foundation waterproofing Bituminous membrane, PU coating, and injection grouting Long-term leak prevention.

## 04

**Mechanical Industrial**

we specialize in delivering tailored mechanical services that power the performance and sustainability of industrial and commercial infrastructures. With a deep understanding of mechanical systems and their vital role in operational excellence, we provide end-to-end solutions that ensure safety, compliance, and energy efficiency.

"We take pride in our deep industry expertise and a highly capable workforce known for their intelligence, innovation, and our team combines strong expertise with smart capable professionals who Consistently deliver"

## 05

### Plumbing Work

General plumbing work encompasses the installation, maintenance, and repair of systems that handle water and gas distribution, as well as wastewater and sewage removal, in buildings. It includes a wide range of tasks, from fixing a leaky faucet to installing new plumbing systems. Install, repair, and maintain pipes, valves, fittings, drainage systems, and fixtures in commercial and residential structures.

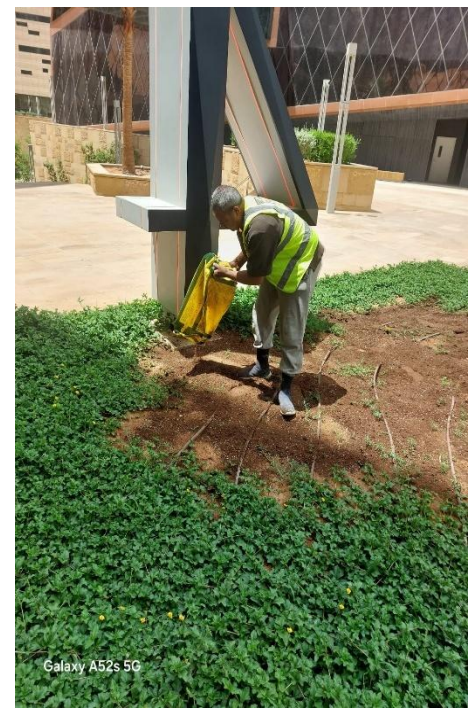

## 06

### Landscaping Work

Landscaping work encompasses a wide range of tasks aimed at enhancing the aesthetic and functional appeal of outdoor spaces. This includes lawn care (mowing, edging, fertilizing), planting and maintaining flowers, shrubs, and trees, installing and maintaining irrigation systems, and hardscaping (patios, walkways, etc.). Landscapers also handle seasonal tasks like spring and fall cleanups, and ensure the overall health and beauty of the landscape.

Galaxy A52s 5G

Galaxy A52s 5G

**07****Road & Asphalt Works**

Activities involved in the construction, repair, and maintenance of roads and highways. This can encompass a wide range of tasks, from initial construction and widening to repairing potholes and resurfacing. Road workers are also responsible for maintaining roadside verges, installing safety features like barriers and signs, and ensuring proper drainage. Additionally, road work can include tasks like cleaning and maintaining road signs, marking and signaling work areas, and operating road machinery.

**08****Fencing Works**

Involves the process of constructing, repairing, and maintaining fences, gates, and other barriers around properties. This includes a variety of tasks like measuring and marking fence lines, preparing the site, installing posts and panels, and applying finishes. Fence installers may work on residential, commercial, or industrial properties, and with various materials like wood, vinyl, metal, or chain link.

# ELECTRICAL PROJECTS

**WAF UNITED COMPANY LTD**, safety and efficiency are at the core of everything we build. Our **Electrical & Fire Safety Services** ensure that your facilities operate with uninterrupted power and uncompromised protection. Whether you're powering a new facility, upgrading systems, or installing mission-critical fire safety infrastructure, we offer certified, end-to-end services aligned with international safety standards.

Our solutions are trusted by industrial, commercial, and governmental clients across Saudi Arabia—designed to support continuous operations, energy optimization, and workplace safety. Our electrical work covers complete power distribution, control systems, and facility-wide electrical integration for projects of all scales.

## SERVICES INCLUDE

- Electrical Work
- Firefighting System
- Plumbing System
- Low Current System
- External Works
- Structural Works
- Piping & Process Piping

# FIREFIGHTING WORK

Protecting people and assets from fire hazards is not optional—it's critical. Our fire protection services are engineered for rapid response and long-term safety. Every solution is tailored to your environment and risk profile—ensuring compliance with **NFPA standards**, **SaudiCivilDefense** requirements, and international fire codes. focuses on safety, courage, and service to the community. It encompasses messages of bravery, teamwork, and the dedication required to protect lives and property.

"Train today, survive tomorrow" and "Every drill is a life saved"

From substations and commercial facilities to high-risk industrial zones, our team has delivered high-quality electrical and fire safety systems across diverse sectors.

## SERVICES INCLUDE

- Fire alarm and detection systems (manual & automatic)
- Sprinkler systems, hose reels, and hydrants
- Fire pump installation and testing
- Routine inspection and maintenance of firefighting systems
- End-to-end design, installation & maintenance

# INDUSTRIAL SERVICES

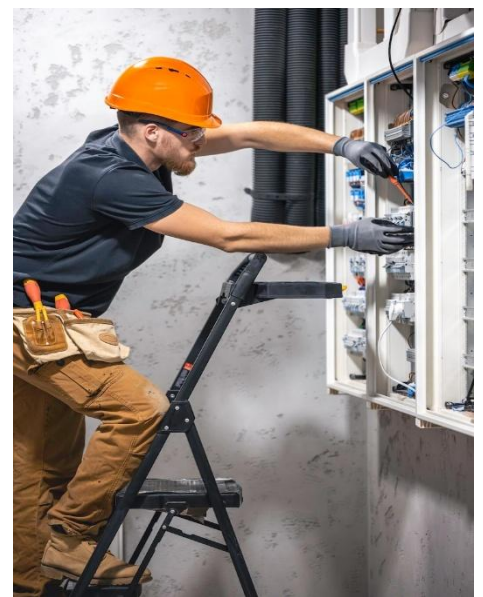

**WAF UNITED COMPANY LTD**, we understand the unique challenges of industrial environments—from tight shutdown windows to complex equipment installations. Our Industrial Services are engineered to keep your operations running smoothly, safely, and efficiently.

With decades of experience serving Saudi Arabia's leading industrial sectors, we offer tailored solutions backed by certified professionals, specialized tools, and a commitment to performance excellence.

## 01

### **Equipment Installation & Maintenance**

We provide expert installation and maintenance of critical equipment across a wide range of industrial applications. Whether it's a new system rollout or upgrades to existing infrastructure, we ensure proper integration, calibration, and operational readiness.

## 02

### **Fabrication work**

Fabrication work involves creating and assembling structures or components from raw materials, often using metal, plastic, or other materials. It encompasses various tasks like cutting, shaping, materials according to precise specifications, as outlined in blueprints or drawings. Fabricators are responsible for ensuring the quality and accuracy of the finished product.

# MANPOWER SERVICES

**WAF UNITED COMPANY LTD**, we understand that every successful project relies on the strength, skill, and reliability of its workforce. That's why we offer end-to-end Manpower Services tailored to meet the dynamic needs of industrial and construction sectors across the Kingdom of Saudi Arabia. Whether your project requires highly trained specialists or support staff for daily operations, we supply a wide range of manpower categories to suit your needs.

## 1. Skilled & Semi-Skilled Workforce

- Electricians, plumbers, welders, fabricators
- Masons, carpenters, steel fixers
- HVAC technicians, mechanical fitters
- General helpers and assistants
- Equipment maintenance personnel

## 2. Technicians, Operators & Laborers

- Heavy equipment operators
- Forklift & crane operators
- Mechanical & electrical technicians
- Firewatch & safety officers (ARAMCO certified)
- Work permit receivers
- General laborers for construction and industrial support

## 3. Project-Based & Long-Term Staffing

### Staffing solutions offered:

- Daily, weekly, or monthly labor contracts
- Fixed-term project staffing
- Outsourced workforce management
- Rapid mobilization for urgent project needs
- Complete HR, payroll, and accommodation support

We don't just supply workers—we deliver human capital that adds value to your operations.

# Our Maintenance Services

Waf United Company Limited provides a full range of **building and facility maintenance services**, tailored to meet the unique needs of each client. Our services include:

1. **General Building Maintenance** – Comprehensive upkeep of all building fabric, systems, and infrastructure to ensure optimal performance and safety.
2. **Electrical Maintenance** – Installation, inspection, and servicing of electrical systems to guarantee reliability and compliance with safety standards.
3. **Mechanical Maintenance** – Maintenance and servicing of mechanical equipment, including HVAC, lifts, and other critical building systems.
4. **Maintenance Reporting Service** – Detailed reporting on maintenance activities, inspections, and recommendations to support informed decision-making.
5. **Property Maintenance** – Routine and preventative maintenance to ensure buildings remain safe, functional, and well-maintained.
6. **Waterproofing & Roofing Services** – Installation, repair, and maintenance of roofs to protect property assets.
7. **Carpentry** – Expert joinery, repairs, and custom installations.
8. **Painting & Decorating** – High-quality finishes to enhance aesthetics and durability.
9. **Fire Protection** – Installation, inspection, and maintenance of fire safety systems for compliance and safety.
10. **24-Hour Emergency Plumbing** – Rapid response to urgent plumbing issues, minimizing disruption.
11. **24-Hour Emergency Boarding-Up & Glazing Service** – Quick solutions to secure premises after damage or break-ins.

At Waf United, we combine **technical expertise, proactive planning, and client-focused service** to deliver reliable, high-quality maintenance solutions that protect assets and enhance operational efficiency.

## Maintenance Reporting Service:

Waf United Company Limited provides a comprehensive Maintenance Reporting Service that ensures full transparency and accountability. Our team documents all inspections, repairs, and maintenance activities in detailed reports, highlighting any issues, recommended actions, and completed work. These reports enable clients to track performance, plan preventive measures, and make informed decisions to maintain the efficiency, safety, and longevity of their facilities.

## Property Maintenance:

Waf United Company Limited offers comprehensive Property Maintenance services to ensure buildings remain safe, functional, and visually appealing. Our team handles routine inspections, repairs, and preventive care for all aspects of the property, including structural elements, interiors, and common facilities. By providing timely maintenance and proactive solutions, we help clients protect their assets, extend the lifespan of their buildings, and maintain a high standard of operational efficiency and comfort.

## Waterproofing & Roofing Services:

Waf United Company Limited provides professional waterproofing and roofing services to protect buildings from water ingress and weather-related damage. Our team specializes in roof installation, repair, and preventive waterproofing solutions, ensuring structural integrity, durability, and long-term protection for commercial, industrial, and residential properties.

## WAF Ltd

# General Building Maintenance

Waf United Company Limited offers comprehensive maintenance solutions for a wide range of building systems, including:

- ❖ **Office Maintenance**
- ❖ **Lifts & Escalators**
- ❖ **Energy Management Systems**
- ❖ **Building & Fabric Maintenance**
- ❖ **Planned Preventative Maintenance Programs**
- ❖ **Response Maintenance / Helpdesk Support**
- ❖ **Consultancy Services**

We provide complete office maintenance solutions, ensuring a clean, safe, and efficient workspace.

At the commencement of every new contract, we conduct a **thorough maintenance survey** of all equipment, systems, and plant within your premises. This detailed assessment forms the foundation of a **tailored maintenance strategy** designed to ensure maximum efficiency and reliability.

Our services can be delivered as part of a **Planned Preventative Maintenance (PPM) program**, safeguarding the continuous operation of your critical systems, or through a **response-based maintenance package** managed via our dedicated helpdesk, in line with agreed service level agreements.

Where required, **risk assessments** of the building or specific areas can be conducted to ensure compliance with all relevant regulations and standards, providing both safety and peace of mind for our clients.

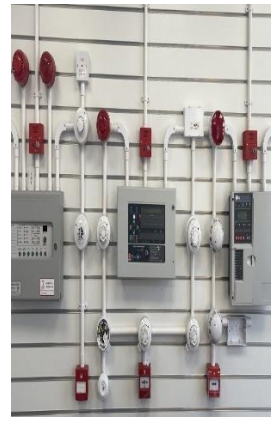

## WAF Ltd

# Electrical & Security Maintenance

- **Power Supply Systems** – Installation, maintenance, and troubleshooting of electrical distribution networks.
- **Lighting Systems** – Efficient design, installation, and maintenance for optimal illumination and energy savings.
- **Generators & UPS Systems** – Reliable backup power solutions to ensure uninterrupted operations.
- **Portable Appliance Testing (PAT)** – Safety inspections and compliance testing of electrical equipment.
- **Access Control Systems** – Installation and maintenance of secure entry and monitoring solutions.
- **CCTV & Surveillance Systems** – Design, installation, and maintenance of modern security monitoring systems.
- – Comprehensive support to ensure safety, compliance, and early warning readiness.
- **Thermal Imaging & Diagnostics** – Advanced inspection techniques for fault detection and preventive maintenance.

Electrical and security systems are becoming increasingly complex and subject to strict regulations. At Waf United, we invest in **continuous training and professional development** for our engineers, ensuring they maintain the highest technical expertise and on-site proficiency to deliver safe, efficient, and compliant solutions for all clients.

## WAF Ltd

# Mechanicle Maintenance

Waf United Company Limited provides **comprehensive mechanical maintenance services** for commercial, industrial, and residential facilities. Our expertise covers the **installation, inspection, servicing, and repair** of mechanical equipment to ensure reliable and efficient operation. Key areas include:

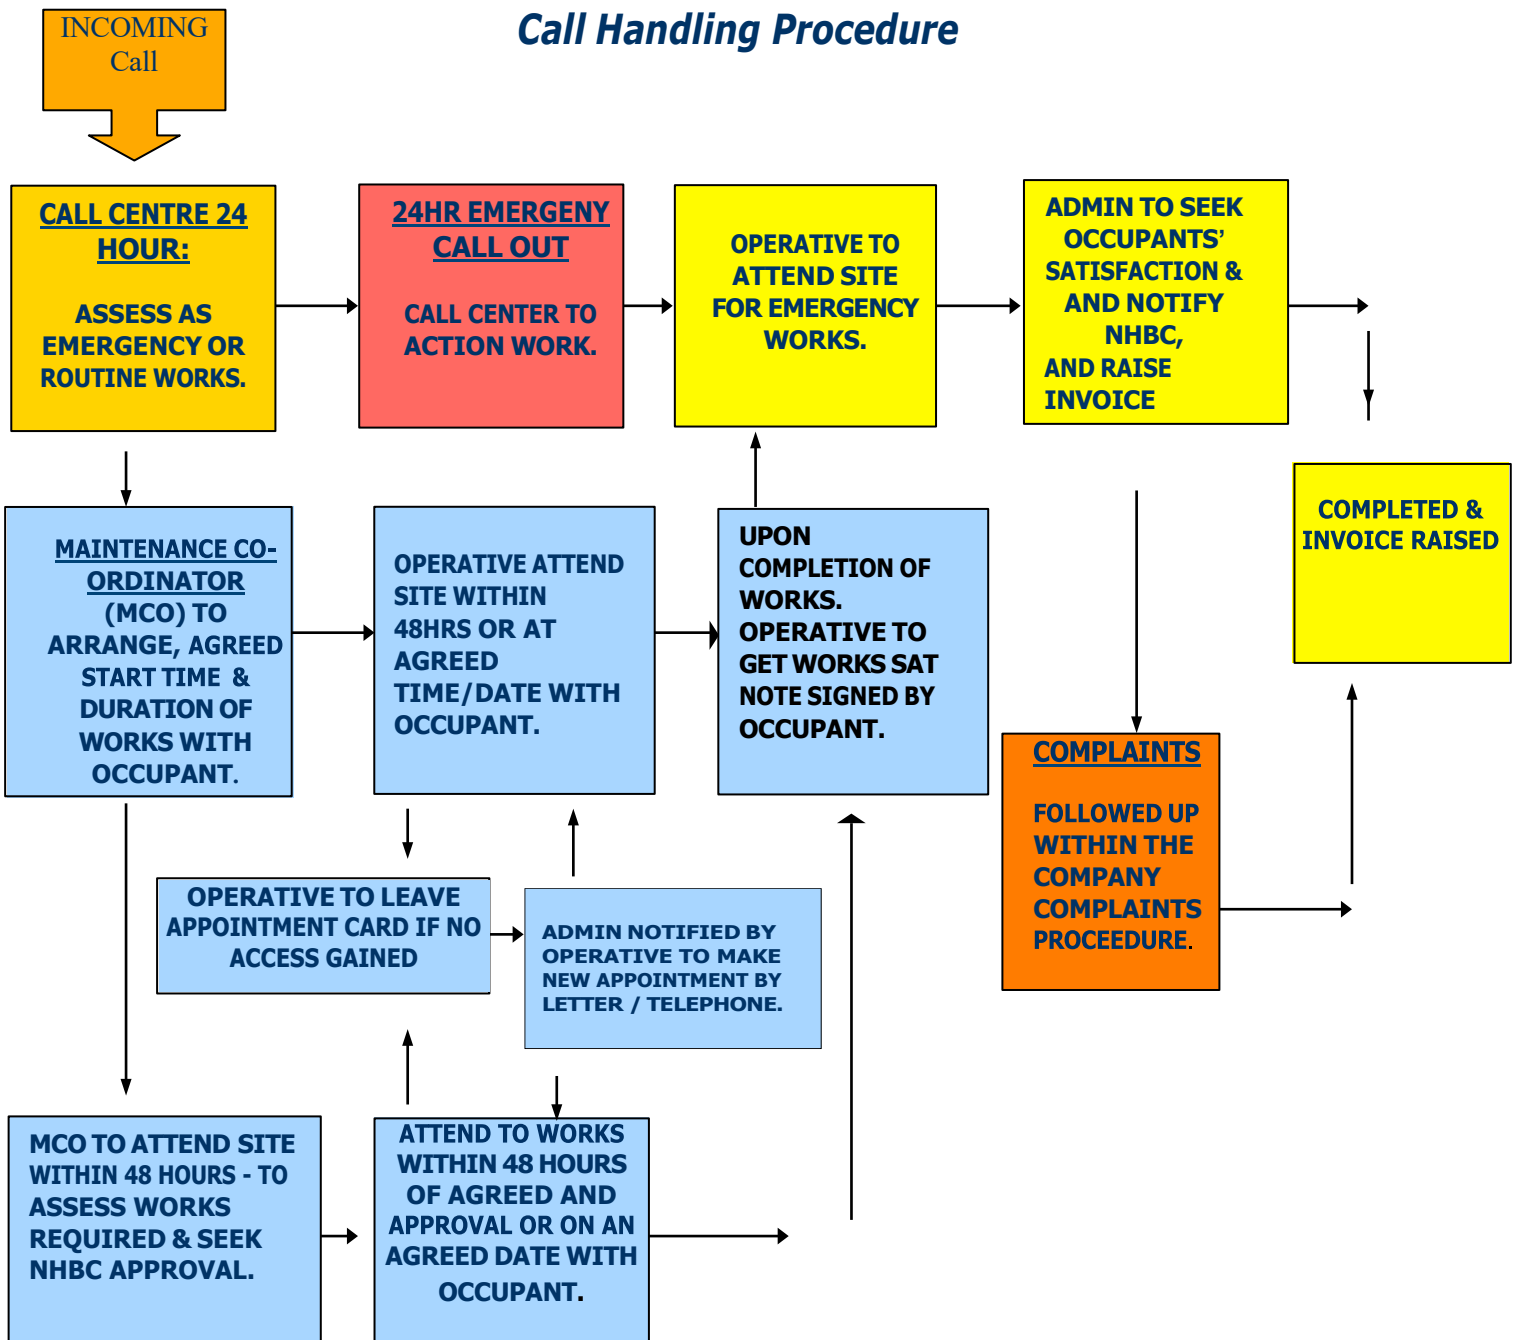

- **HVAC Systems** – Heating, ventilation, and air conditioning maintenance for optimal performance and energy efficiency.
- **Lifts & Escalators** – Routine servicing, inspections, and emergency repairs to ensure safety and reliability.
- **Other Critical Mechanical Systems** – Maintenance of pumps, motors, and other essential building machinery to support uninterrupted operations.
- **Boiler Maintenance** – Inspection, servicing, and repair of boiler systems to ensure safe and efficient operation.
- **Air Handling Units (AHU)** – Installation, maintenance, and servicing to ensure optimal air quality and system efficiency.
- **Chillers** – Maintenance, servicing, and performance optimization of cooling systems for efficient operation.
- **Pumps** – Installation, maintenance, and repair to ensure reliable fluid transfer and system performance.

All mechanical maintenance services are carried out by **skilled engineers and technicians** following strict safety and quality standards. We also provide **preventative maintenance programs** to minimize downtime, extend equipment life, and ensure compliance with regulatory requirements.

# GENERAL TRADING SERVICES

## 1. Trading of Mechanical & Electrical Equipment

We specialize in the **procurement and supply of specialized equipment** needed for modern infrastructure development. Whether it's for communication systems, mechanical installations, or electrical works, we deliver certified, high-performance products sourced from leading manufacturers.

### Key items supplied include:

- Electrical panels, conduits, and wiring systems
- HVAC units, ducting systems, valves, and controls
- Industrial tools, safety gear, and testing equipment
- Antenna systems and telecom hardware

Our trading network ensures competitive pricing and fast turnaround times.

## 2. Procurement & Logistics Support

We understand the urgency and complexity of project timelines. That's why we offer tailored **procurement and logistics services** that support project delivery from planning through execution.

### Capabilities include:

- Strategic sourcing based on project specs
- Supplier negotiation & documentation
- Import/export facilitation and customs clearance
- Last-mile delivery and site-level coordination
- Warehouse support and real-time inventory tracking

Our logistics team ensures materials arrive on-site, intact and on time.

## 3. Supply of Construction & Industrial Materials

We are a trusted supplier for **construction and industrial materials**, supporting mega projects across commercial, telecom, and industrial sectors.

### Our material supply range includes:

- Cement, sand, aggregates, bricks, and blocks
- Structural steel, rebars, sheets, and fasteners
- Paints, waterproofing products, sealants, and adhesives
- Plumbing materials and mechanical consumables
- Safety materials and PPE

By maintaining strong relationships with local and international vendors, we guarantee consistent availability and delivery even in high-demand periods.
